

Security & privacy policy

According to the provisions of the Belgian Act of 8 December 1992 on the protection of individuals with regard to the processing of personal data and on the free movement of such data, we provide you with the following information.

Personal data

Your personally identifiable data are processed by C.E.E.R.N.T. asbl (Centre Européen d'Etude et de Recherche et Nouvelles Technologies), with registered office at 1000 Brussels (Belgium), Rue de la Presse, 4, in its capacity of Controller of the personal data.

The processing of your data is performed to provide you with the services for which you have registered with us (e.g. to receive news updates on C.E.E.R.N.T. products and services via e-mail, to process your requests for information and/or comments on our products and services).

C.E.E.R.N.T. asbl will use personal data only for the purposes indicated above.

Subject to the above and except to the extent that communications of personal data to companies whose intervention as data processors, acting on behalf and under the sole control of C.E.E.R.N.T.asbl, is required to accomplish the purposes indicated above, C.E.E.R.N.T.asbl will not disclose, sell, rent or exchange such personal data to any other organization or entity, unless you are first notified and expressly agreed with it, or as otherwise required by law.

We draw your attention to the fact that you have the right to access and restrict your data and, where appropriate, request rectification of any erroneous data relating to you. You can ask, at any moment, object by means of a simple request and free of charge, to the future processing of personal data relating to you for the purpose of direct marketing. These rights may be exercised by sending an e-mail regarding any questions you may have to euc@skynet.be or by post at the aforesaid address.

Cookies and action tags

We don't use non-personally identifiable information passively using "cookies" and "action tags".

Security

To ensure secure online payment and security where personal data is involved, the Website uses SSL (Secure Socket Layer) technology.

A secure connection is shown by a closed lock in the bottom left (Netscape) or right (Internet Explorer) corner of your browser window. For further information, please consult your browser's security specifications.

If your browser is equipped with SSL (i.e. Netscape 2.0 and higher or Internet Explorer 3.0 and higher), your transaction will automatically be secured.
